Personal Statement (250 words)

This is your chance to tell us something about yourself. How have your experiences—in school, sports, your community, clubs, extracurricular activities, hobbies, or interests – shaped who you are today? And tell us what has led to your chosen field of study, and how this degree relates to your career / life goals.

From swimming, surfing, netball to volleyball, I've tried it all during my school years.

I've excelled in some subjects and have been weak in some. By excelling in some, and failing in others, it's helped me to discover my areas of strengths and weaknesses. I've connected with a lot of people, and also lost connections to many. I've seen my own friends and family regret their choices and change their field of study multiple times. So of course, I had to ask myself "What do You really want to do?".

What I wanted was never clear, as there's no black and white answer to such questions. However, I certainly knew what I did not want. Living here, I've not only studied multiple subjects, and participated in many sports, but I have also worked in many jobs as a side hustle during my school years. By doing this, I got a glimpse of the real world and first hand experience. From retail, hospitality, to fast-food, and customer service.

Those are all great ways to earn money, but not to make a career. I want to study a course that gives me endless opportunities for growth as well as career advancement. I want a range of career options available with that course.

Over the years, I've come to hear the phrase, "the future is technology" many times. The world is evolving and becoming more advanced before our very eyes. I want to keep up with it, learn it and become part of the development. I've always had an interest in this area of study. It is for sure the most complex, yet rewarding course, as it opens the door to higher paying careers. Therefore, this course may just be the answer to that.

Kind Regards,
Samma Anwar

TBC Refund Policy

1. Fees are non-refundable after the commencement of the course, or if the student stops attending or leaves the course before its completion, or is suspended by the College owing to non-attendance, academic, or behavioural misconduct etc.
2. Nepalese students may claim a refund of the course fees paid (minus the administrative charge of NPR 20,000/-) provided a written notice of cancellation is received by the College at least one month before the commencement date of the course. If the notice is not received in time, the applicable year's fees will be charged.
3. Should a student become ill and be forced to withdraw from the course, a refund of the following semester will be provided (NOT the current semester). This will be issued once medical certificates and a certified letter from a licensed doctor have been submitted to the College. Alternatively, a student may defer the rest of the course to a later date, at the discretion of the College.
4. On the student's request, and with a recommendation from a Programme Leader, fees may be deferred for the same course commencing at a later date, up to a maximum of one semester.
5. Students shall deposit an amount of NPR 50,000/- as a security deposit, which will be refunded only after graduation. Deductions will be made if there is any damage of assets, unreturned or damaged books borrowed from the library, or any other traceable damage due to the student's negligence or malicious intent.
6. International students requiring a student visa to enter Nepal may claim a refund of the tuition fees paid (minus the administrative charge of NPR 20,000/-) only if their visa application is unsuccessful and the College is informed about it prior to the commencement of the course. The application for a refund must be accompanied by an original copy of the refusal letter from the Nepalese Embassy, copies of all passport pages, and the original documents of admission issued by the College. If the College is informed of the refusal after the commencement of the course, the applicable year's fees will still be deducted. After the commencement of any semester, the tuition fee for the year is not refundable and a visa refusal during the semester entitles the student to a refund of the fees for subsequent years only.
7. If the visa authorities are supplied with fake papers or documents, and subsequently the visa is denied, no refund from the College will be made.
8. Full fees are refundable if for any reason the course is not conducted by the College.
9. A minimum of 4 weeks is needed for the processing of refunds.
10. No interest is paid on any refund payments.
11. No refunds are applicable where the student has postponed the commencement of their course.
12. All refunds are made subject to the approval of the CEO.
13. The College reserves the right to withdraw an advertised course or close a class section if enrolment is too low.
14. No refund will be made:
 - If a student has attended any part of the course and thereafter withdraws from the course; or
 - If the refund request is submitted more than one year from the date of the initial payment. At the discretion of management, a late request may be considered if the student has previously advised us (in writing) that they are appealing the refusal of their visa application.

In order to claim a refund of tuition fees the student or sponsor must meet the following conditions:

- Advise the College (Programme Leader) in writing of withdrawal from the course, or complete the 'withdrawal/deferral programme' form, no later than one month before the start date of the course.
- Return their student ID card and any other TBC property.
